## Help Us Fight Back

The Second Amendment Law Center is the premier 2A advocacy and legal resource center committed to the preservation of the Second Amendment.

We're working in court to defend the rights of millions of law-abiding gun owners across the nation, and won't stop until our freedoms have been restored -- for good.

**Ready to take a stand for the Second Amendment?** Become a contributor to our cause and partner with us.

Join us to fight back against the anti-2A agenda and continue our momentum in court to defend our constitutional right to bear arms.

I would like my donation earmarked for legal battles in:

- California
- Hawaii
- Illinois
- New Jersey
- New York
- Oregon
- Where it's needed most
